FARM HOPPERS

A group of young children are sitting on large, colorful inflatable farm animals. In the foreground, a girl with braids is on a blue inflatable, looking surprised. Next to her is a girl in a purple top and a white hat with stars. In the center, a girl in a white shirt and pink shorts is on a white inflatable, looking to the right. To her right, a girl with long blonde hair and sunglasses is on an orange inflatable, also looking right. The background is filled with other children and more colorful inflatables, creating a lively outdoor scene.

The simple delight toddlers experience when astride the back of any of these inflatable, bouncy animals is a pleasure to behold. Farm Hoppers animal bouncers are made from a durable BPA-free PVC, intended for both indoor and outdoor fun. Available in different animals & colours, they help promote core muscle development and coordination skills. Each Farm Hopper comes with its own hand-operated air pump.
